Student & Family Information

The screenshot shows a mobile application interface for managing student travel documents. At the top, there is a header with a back arrow and the text "Student Infor...". Below the header, there is a section titled "For Travel (MS/HS students travelling out of Shanghai)" with a "Modify" button (indicated by a red arrow).

Under the "For Travel" section, there are two input fields: "Travel ID Type" and "Number of Passports".

Below these fields is a section titled "Documents". It contains a box for "Travel Document/One-Time Entry-Exit Permit (Latest)" with the status "Optional" and "Not Uploaded Yet". A "Add" button (indicated by a red arrow) is located next to this box.

At the bottom of the screen, there is a "Passport" section showing a thumbnail image of a passport with the date "2027-03-25". A "Update" button (indicated by a red arrow) is located next to this section.

On the right side of the screen, there is a large red arrow pointing to a button labeled "I confirm that all travel documents have been updated and are current". Below this button, a timestamp is displayed: "Last Verification Time: 2025-09-04 18:28:38".
